

Dr Graham Coupland (BSc/BA, MD, FANZCA) is a consultant anaesthetist with interests in perioperative crises, simulation-based education, and perioperative allergy. He coordinates simulation-based academic half-day teaching at Toowoomba Hospital and is actively involved in registrar education.

He completed fellowship training at Princess Alexandra Hospital, focusing on upper gastrointestinal anaesthesia, and works across both the public and private sectors. Dr Coupland is an associate of Downs Anaesthetic Practice and a member of the Australian and New Zealand Anaesthetic Allergy Group (ANZAAG).
