

Dr Rod Grant

MBBS (Hons), FANZCA, FFPMANZCA, Post Grad Clinical US, FRACGP, Grad Diploma of Rural GP

Dr Rod Grant holds dual qualifications in anaesthesia and pain medicine. After a decade practising both in Toowoomba, he now focuses exclusively on anaesthesia.

He graduated from the University of Queensland in Medicine in 1994, then worked in rural general practice before returning to training in anaesthesia. He later completed a fellowship in pain medicine.

He is actively involved in medical education in the private sector and has run several courses in Toowoomba for many years. He is currently finishing his Graduate Diploma of Clinical Ultrasound and is involved in research with his colleagues. He continues to be a member of the Interventional Pain and Spine Interventional Society.
